

Left-Hand Shifter Conversion

160051-A polished shifter knob ❶

## SHIFTER, LINKAGES & KNOBS

No.	Part No.	Description	Year
1	160051-A	Knob: Polished aluminum with antiqued Indian head insert (the original factory accessory)	all
<b>Note:</b> This shift knob is a reproduction of the original with a finely detailed investment cast insert. A true work of art.			
2	41243	Knob: Stock, black, bakelite (std factory issue)	all
3	605012	Nuts: Jam, 3/8-24, ss, 5pk	all
4	85983	Lever: Shift, left hand, chrome	37-53
5	22B202	Spring: Shift lever	37-53
6	538012	Key: Bell cranks	37-53
7	40945	Bell crank: Left hand shift lever (on lever)	37-53
8	922008	Washer: Split lock, 3/8, ss, 5pk	all
9	606012	Nuts: 3/8-24, ss, 5pk	all
10	920008	Washers: Flat, 3/8, ss, 5pk	all
11	86916	Lever: Shift, right hand, chrome	37-53
12	636104	Cotter pin: Shift rod, 3/32 x 1/2, 5pk	37-53
13	920007-AN	Washer: AN, 5/16, 5pk	37-53
14	722003	Rod: Shift, left and right hand, chrome	37-53
15	722003-R	Rod: Shift, adjustable, chrome	37-53
<b>Note:</b> The Kiwi adjustable shift rod is designed with Heim joints at each end to eliminate sloppy shift mechanisms. This provides nice smooth shifts that also allows you to adjust the shift lever to the ideal shifting position that you like.			
16	556006	Bellcrank: Trans tower	37-51
17	556017	Bellcrank: Trans tower, reverse shifting pattern (1st gear rearwards)	52-53
18	801023	Spacer: Bell crank, to be used with 556017 bell crank	37-53
-	85983-FS	Foot shift conversion	40-53
-	85983-HC	Hand clutch conversion: To be used with foot shift	40-53

**Note:** The Kiwi foot shift and hand clutch conversion must be used together as a set.
