

OUTPUT SPROCKET & CHAIN

No.	Part No.	Description	Year
1	F35230	Nut: Sprocket: Output	22-53
2	37647	Washer: Lock, output sprocket	22-53
3	42863	14T Sprocket	any
3	41907	15T Sprocket	any
3	39157	16T Sprocket	any
3	21B82	17T Sprocket	any
3	25B245	18T Sprocket	any
3	20B847	19T Sprocket	any
3	20B848	20T Sprocket	any
3	16B40	21T Sprocket	any
3	16B41	22T Sprocket	any
3	38004	23T Sprocket	any
3	38038	24T Sprocket	any
3	38039	25T Sprocket	any
3	16B40-R	21T, 4 Speed Transmission	any
3	16B44-R	22T, 4 Speed Transmission	any
3	38004-R	23T, 4 Speed Transmission	any

No.	Part No.	Description	Year
3	38038-R	24T, 4 Speed Transmission	any
3	38039-R	25T, 4 Speed Transmission	any
3	41426-R	26T, 4 Speed Transmission	any
<p>Note: Suggested sprockets for todays riding is 24 or 25. 24 is ideal for new riders mostly putting around and a little highway riding. 25 is best for open road and around town. 25 is my favorite for a good all-around sprocket.</p>			
4	319030	Spacer: Trans output	40-53
4	38007	Spacer: Trans output	32-39
5	G27070	Master link	37-53
5	G27070-R	Master link: Heavy duty	37-53
6	38543	Chain: STD	37-53
6	38543-R	Chain: Heavy duty	37-53

NOTE: KIWI also supplies sprockets for 4 speed overdrive transmissions. Place an "R" after the stock sprocket part number. Example: 24T will be 38038-R
